

Department of Youth Development August 2025 Updates

Happy third anniversary to DYD! I'm so proud of the department's growth since our launch in July 2022. To celebrate, we will soon release our 3rd Annual Report, highlighting our programs, accomplishments, and vision for providing Los Angeles County youth with equitable access to resources they need for healthy development. It includes powerful stories from young people and providers, highlighting how our programs have improved youth well-being. We've packed it with

details on the ways we've grown this year so keep an eye on our website and social media for the full report coming soon!

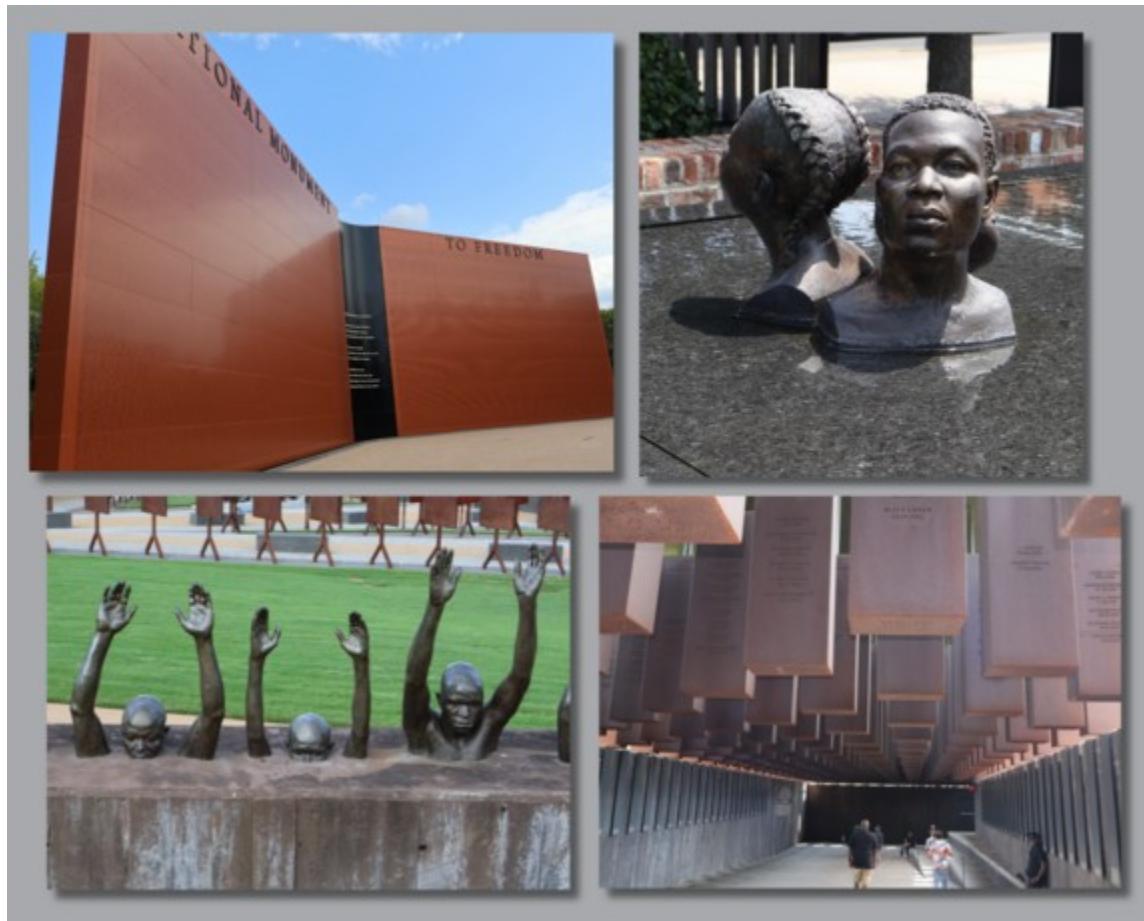

I recently met with the Youth Justice Funders Collaborative, a group of Los Angeles County foundations and philanthropists dedicated to transforming the local youth justice system. Our discussion focused on the vital role of philanthropy in supporting youth services, especially as county departments face significant budget pressures. These financial cuts could deeply impact social and health programs, disproportionately harming our most vulnerable young people.

Amid the shifts within the juvenile justice system, a judge is expected to rule in the next several weeks on whether LA County juvenile halls will be placed under state receivership. This comes as the Probation Department has begun relocating young people from Los Padrinos Juvenile Hall to other facilities as part of a larger plan to depopulate it. Throughout these changes, our DYD staff in these facilities and those working on reentry are steadfast in their resolve to ensure that every young person has consistent access to the vital programs and services they need to not only survive but thrive.

For a second year, a group of DYD team members were fortunate to journey to the [Equal Justice Initiative Legacy Sites](#) in Montgomery, Alabama. The Legacy Sites are three interconnected spaces that stand as powerful testaments to America's history of racial injustice and violence, from the era of slavery to today's system of mass incarceration.

While often painful to experience, these sites inspire a commitment to a more equitable future by confronting the truth of the past. To understand how this history connects to the present-day need to transform the youth justice system, please [visit the Equal Justice Initiative website](#).

Save the date! Our Annual Youth Summit will be taking place on November 14, 2025. To build excitement and increase awareness for this special event, DYD launched our Summer Series events at LA County parks this August and September. These gatherings offer a safe, communal space for

young people and families to enjoy music, food, fun activities, and access to valuable resources. Our events in the Antelope Valley, East LA, South LA and Long Beach have been joyful experiences for all, and we hope to see you at our final Summer Series celebration in the San Fernando Valley on September 13th. To register for this event and our November 14 Summit, please visit our [Eventbrite](#) page.

As always, I value your input and feedback. Connect with us at info@dyd.lacounty.gov with any questions or concerns and please explore DYD.LA for more information and resources.

Credible Messengers Program Expansion

[DYD's Credible Messenger program](#) offers community support to detained and recently released youth. Credible Messenger mentors, with lived experience in the justice system, provide culturally

sensitive role models and care coordination. This shared understanding fosters trust and empathy crucial for positive youth development.

We're excited to announce that Credible Messenger services have expanded to all juvenile halls and camp facilities in the county, providing invaluable support to more young people, including those with developmental disabilities and those in Secure Youth Treatment Facilities. Recently, [Impact Justice](#) met with Credible Messenger agencies to discuss the LeadOn Reentry Navigation Program, a six-year-old initiative designed to create smoother transitions for youth leaving detention facilities. Co-created with DYD, the program ensures that youth receive consistent support from trusted mentors as they return to their communities.

DYD's GOATs of the Month

Once a month, we shine a spotlight on DYD team members who exemplify our commitment to inspiring, uplifting and supporting youth. This month, we're excited to recognize our Human Resources and Research, Policy and Innovation teams as our August GOATs (Greatest of All-Timers)!

RPI team members Samantha Ruiz, Joshua Arechiga, Alexia Vartanian, Mike Makkouk, Eva Levingston, Sahar Moheize and Chelsea Busby accepted the GOAT award for their work in providing critical research and evaluation support to our youth programs. The team manages all internal,

local, and legislative policy work in close collaboration with youth, community, and county partners, ensuring a data-driven approach that is ethical, participatory and transparent.

We also thank the DYD HR team, represented by Angelique Franco and Taura Gordon, for their tireless efforts to keep us informed about our benefits, aligned with county regulations and for always being a reliable resource for our most complex questions. Your dedication and hard work make a world of difference for everyone at DYD!

Congratulations to our August honorees!
